Company Profile

Arrow Fine Chemicals is based at outskirts of Rajkot (Lodhika GIDC). It is wholly owned company by the family members only. With an experience & expertise of almost 33 years (since 1977) company is serving industries as well as institutions for their research & manufacturing needs. Company has its own R&D centre which helps company to develop new emerging products as per market requirements which can be used for research or manufacturing. The registered office is located just 16kms away from the city from where company is being operated. Huge warehouse and with all required well equipped amenities & well trained & educated staff has proved to be the strong foundation of the company.

Company is well located on the outskirts of the Rajkot City, which is easily accessible from the Airport. We as a company always believe in delivering quality products only. Arrow Fine Chemicals provides the chemicals for the manufacture of products that range from commodities to resins and advanced chemicals & pharmaceutical preparations.
